Sam,

I am sure you already know this but I am forwarding the information to Ryan.

*For Beaumont, TCEQ gave us an short update. They are still assessing outages in Orange County, but for the Beaumont Water Plant: It's not operational now, but staff are running a line to the Nueces River near the existing intake on a temporary basis so service can be restored. By [noon tomorrow](#) they hope to be at half capacity, 10 MGD, and to full capacity of 20 MGD within 48 hours.*

*Storage tanks are full or near full and valved off. The town is on a boil water notice. The residents are being provided bottled water and porta potties are being trucked in and set up.*

Lee
